## Vela

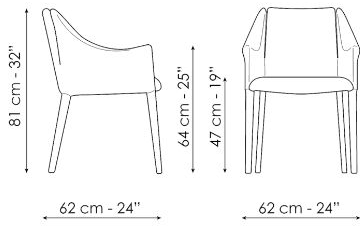

La sedia rivestita in tessuto e pelle a quattro gambe Vela ricorda la tipologia della classica poltroncina di inizio Ventesimo Secolo, che arredava salotti europei eleganti e borghesi. A una vista più ravvicinata emergono tutti gli elementi di attualità del progetto sviluppati da Bonaldo Lab, a partire dalla leggerezza – che

richiama quella di una barca a vela in navigazione – e dalle innovazioni stilistiche e tecnologiche percepibili attraverso l'intensità delle superfici tese e pronte a trasformarsi in forme accoglienti.
